## Equipment holders

### HH-4 Utility Holder

The largest of all the equipment holders, the HH-4 is ideal for holding tools, books, magazines, or binoculars. Made from a soft PVC, which will protect you and your equipment, these equipment holders are a must for those who like to organize. Standard color white.

	Back Height	Width	Depth
HH-4	8.63"	9.0"	3.0"

### HH-5 Mini Utility Holder

A smaller cousin to the HH-4, the HH-5 is great for holding a watch, keys, compass or small rectangular based bottles. Standard colors are white or black. Add suffix "B" for black.

	Back Height	Width	Depth
HH-5	2.63"	3.25"	1.1"

### Can Holders HH-61 & HH-6

Not limited to beverages, these can holders have found homes in the car, lawn mowers, RV's, kitchens and bathrooms to name a few places. The HH-61 holds standard size soda /pop (with or without a can insulator "koozie") cans in addition to most 32 ounce bottles. Its cousin the HH-6, holds a standard 12 oz beverage containers and air horns. Both come with predrilled fastener holes and drainage hole.

Standard colors are black and white. Add Suffix "B" for black.

Sample part number: HH-61B

Item	Back Height	Width	Diameter 1	Diameter 2
HH-6	4.5"	2.875"	2.85"	N/A
HH-61	5.0"	3.875"	3.56	2.8"

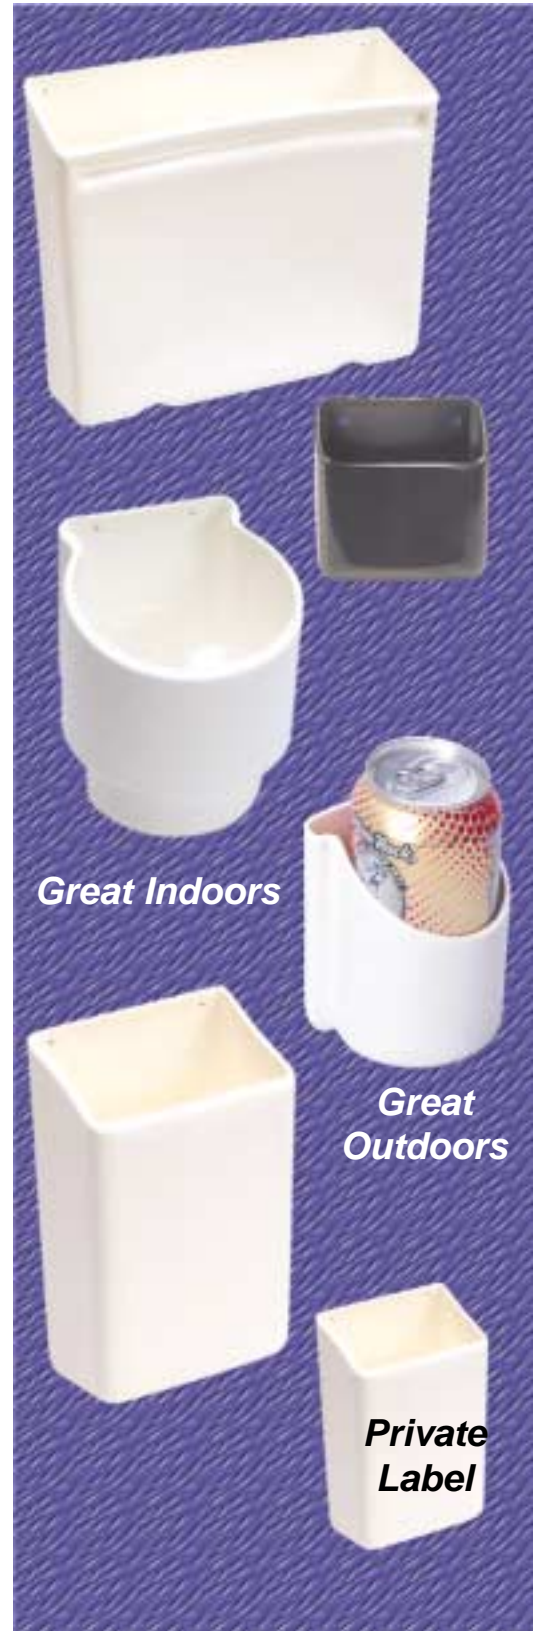

### Radio Holders HH-8 & HH-81

The popular radio holders are not only highly rated by the safety experts, but are also for the "average Joe" who needs a place to store a cell phone, sun glasses or tools.

Available in black or white. Add Suffix "B" for black.

Item	Back Height	Width	Depth
HH-8	6.0"	3.0"	2.0"
HH-81	4.0"	2.375"	1.875"

For temporary installation of Beckson's Equipment Holders try our suction cup mounting kit. Ask for details. Please note: All applications may not be suitable for use with suction cups.

## Cup Holders

### *Cup Holder Innovation*

Beckson, an innovator in cup holders, brought to the market many years ago the two stage cup holder. The flexibility of the cup holder allowed end users to hold two different size beverages. Beckson cup holders have the ability to install almost anywhere: table top, game tables, counters, dash boards & seat backs to name a few. Made with and without drain holes in the bottom. All cup holders may be modified for greater drainage.

Standard colors are white, black, grey and beige.

Custom colors available for volume runs.

Optional Chrome finish on rim is available. Add Suffix "C" to the part number.

*Sample part number: GH33-B1C = Glass Holder, Size# 33, black, styrene, chrome finish.*
