## Barrel Nuts

### Truss Head BB-10-24 & 1/4-20 Series

These tough high quality barrel nuts provide the right finishing touch to many applications. The truss head is best for applications that have a flat mounting surface or counter bore for mounting. The base material is a high grade brass with a sturdy chrome finish. The phillips drive makes installation simple and easy. Beckson offers two different shank lengths, .5" and .375" which contain a standard 10-24 thread. Standard colors are chrome and black. CAD drawings available on request

Item	~Head Size	Shank Length	Shank Diameter	Finish
BB-10-24	.43	.375"	.25"	Chrome
BB-10-24L	.43	.500"	.25"	Chrome
BB-10-24B	.43	.375"	.25"	Black

### BB-1/4-20

Beckson's 1/4-20 barrel nut like its cousin the 10-24, offers the same high quality only in a larger size. Made for a 1/4-20 bolt, these nuts are tough and made to withstand the elements. Shank length is .5"

Item	~Head Size	Shank Length	Shank Diameter	Finish
BB-1/4-20	.56	.500	.32	Chrome

### Flush Mount Head BB-10-24F

Ideal for applications that will be covered with a finishing piece, to achieve a low profile for the finished product. Made from brass with a cadmium plate finish, these nuts can weather the elements. The .375" phillips head drive with 10-24 thread and .375" shank length makes for simple installation. Shank diameter is .25" Natural color: "brass-like" finish.

### Twist Knobs Male & Female

Beckson's twist knobs are available with a threaded nut or stud molded in place. With the stainless steel thread extending .5" from the molded base, our knob provides easy trouble free service. Available male stud with either a 1/4-20 or 5/16" thread. Female is 1/4-20 only. The knob is made from UV stabilized materials. Standard colors are black or white.

### Swell Cam

This patented unique compression latch secures in virtually any frame, rail or post. Made from non-corroding materials, this latch is perfect for gates, covers and more. Installs quickly and easily. Uses Cam, 1/4 bolt & rubber washer. Hole cut .625" I.D.
